Getting to Know the New Start Menu

The latest Windows 10 Creators Update introduces a redesigned Start Menu, and in this SeniorNet workshop we explore everything that has changed plus, show you the options to manage and customize the Start Menu.

We show you how to:

- Pin apps to Start.
- Pin web sites to Start.
- Pin apps to the Desktop.
- Download and install apps.
- Shop for apps in the Windows Store
- Uninstall an app.
- How to update apps.
- Switch between live tiles and the apps list.
- Turn live tiles on or off.
- Turn on the new transparency effect for Start
- Resize the Start Menu up, down, wide, or full screen.
- Resize, move, and group tiles under customized headings.

Start is your gateway to Windows 10. We show you how to make it yours.
